SURVEY INFORMATION

Title:

Topographical Survey
Camp Road
Bicester

Remarks:

All levels related to OS National Grid Datum derived from Smartnet Observations.

Visible features in the vicinity of the boundaries, as shown on this survey may not represent the extent of leagally conveyed ownership.

Every effort has been made to identify all above ground features. Please bear in mind that some features/items may have been obscured at the time of the survey.

It is the responsibility of the contractor to check and verfiy all dimensions on site. If there is any conflict the project engineer/site manager must be notified immediately and any construction must be stopped until the discrepancy has been resolved.

Always Exercise Caution When Excavating

A range of detection methods are used to obtain the underground information produced in this drawing. Variations in ground conditions can affect the quality of the data and therefore an absolute affirmation cannot be guaranteed.
