<b>Comments</b>	<input type="text" value="This comment is made by Tudor Hall School, whose main drive is in close proximity to the revised road layout. Tudor Hall School has, for many years, maintained the stretch of Highways verge between our drive and the proposed area of works linking to the A361 Bloxham Road, including tree planting and grass cutting. This presents an important visual aspect for visitors to the school, including prospective parents. We therefore request that, once the works have been completed, the verge bounding the A361 to the school drive is returned to the same standard. We note that contact has already been made by the Project Manager with the school to enable co-operation during the construction."/>
