Comments	<input type="text" value="This is already a very busy junction and is, in my view, an accident waiting to happen even without the proposed development. There is a substantial column of traffic joining the Oxford Road from Bannatynes, Banbury Rugby Club, Cotefields Garden Centre and 2 substantial residential estates. To create yet a further access point onto an already busy road for one house seems to be adding to an existing problem. That fact, coupled with the disruption during the building work and the potential removal of trees, seems to me to be totally unnecessary and unreasonable especially as the benefit will be restricted to one person. The application should be rejected."/>
