Comments	<input type="text" value="It is not clear why the entrance to the site has been moved closer to the Henge Close junction. This relocation seems to be rather arbitrary and it would be helpful to know why it is necessary and how it will impact on traffic turning into/out of Henge Close, St Mary's Road and Wallin Road. This is a very busy stretch of road and if anything, it would be better to move the access road to the western end of the site, where there is already a gate. Using the existing access would also mean that no trees have to be cut down."/>
