| Comments | <input type="text" value="Very happy to support this amendment. I understand that the entrance to the site has to be moved to accommodate new traffic calming measures which are due to be installed. Adderbury desperately needs this community centre; currently there isn't a suitable building for village events. A community centre which is a little smaller than originally planned (nobody could have predicted the Covid situation and the effects on so many aspects of life when the original plans were submitted) is better than no community centre at all."/> |
