| <b>Comments</b>           | <input type="text" value="This development is long overdue. Adderbury is crying out for somewhere like this which will benefit all the village and support the local economy. It is particularly important that children and young people have somewhere to meet and play sports and it will also allow a number of local groups to meet in a comfortable and purpose-built venue. The community centre, once completed, should be self funding as it can be used for social events and meetings, providing the space and level of comfort which other meeting places such as the village institute and Lucy Plackett building do not have."/> |
