Comments I support this application for change of use.A village shop in Kirtlington will not succeed going forward for a whole host of reasons. The Co-0p in Bletchingdon is highly successful and took money away from Kirtlington during normal times Covid has changed shopping habits for ever Online food shopping is now the norm ,just stand in the village for 10 minutes and watch all the home delivery vans Local people have changed their shopping habits from papers being delivered from Banbury to shopping in the Co-op Turnover has been in decline for some time pre covid now the chance of success is virtually zero. All the above is based upon my 35 years in retail,particularly food retail
