Comments	<input type="text" value="Business for the shop was significantly affected by the opening of the Co-op shop in Bletchingdon over the months leading up to its closure a year ago. Since then, and in particular during the 20/21 lockdowns, the Co-op shop has become 'the place to go' for regular convenient local shopping, offering as it does a wide range of goods, long opening hours etc. The potential viability of the village shop as a business has thus been weakened even further over the past year while it has remained in its sad lingering state. I fully support the application for change of use of the property from business to residential."/>
