Dear Sir/Madam,

I am writing as a resident of Kirtlington in support of this planning application.
As a customer of the Village Shop in previous years, I noted how it was struggling to compete with shops in neighbouring villages, especially national chains stocked with a wide variety of popular items at competitive prices.

Before the shop closed last year, custom had been steadily dropping, and the shop's size and location make it even more difficult to be viable.

Yours faithfully,
