Comments	<input type="text" value="The proposed development will bring disruption to all those who live close by, noise until very late. I understand that the intention is to plant a vineyard as well as provide a sanitary block for the bikers who visit. To be successful the rows of vines should run from north to south but the terracing already installed runs east to west. The vineyard proposal therefore looks disingenuous. The size of the plot also would seem to be infinitely too small for a vineyard. In the last week or two a well established hedge on the roadside has been felled where it could have been controlled and retained as a cut and laid hedge. It would appear that yet again the applicants are trying to get round the planning restrictions and refusals they have had and inflict great damage on the villages of Sibford Ferris, Burdrop and Sibford Gower."/>
