<b>Comments</b>	<input type="text" value="This was taken from their Facebook page (Blaze Inn Saddles) We have recently submitted a Planning Application to erect a small Barn in our field below the Beer Garden. This is part of our aim to provide Camping Facilities for Customers wishing to stay overnight at the Pub in the newly planned Vineyard. Therefore I ask is the Barn for the production of alcohol which in itself has waste issues or toilets etc for a campsite ?? If it is for a campsite, this is a conservation area and very visable from the road. If it is for the production of alcohol its not clear why it has to be near the beer garden and not on the very large car park. There are lots of houses in the vicinity and the mentioned (again on Facebook page) Biker Rallies, Party in the Garden Nights and various Group Charity Events sounds very noisy. I think this will cause both visual and audible pollution in a lovely quiet valley."/>
