Comments	<input type="text" value="I object to this application for the following reasons. The proposed development is in a conservation area, the construction proposed will be to the detriment of the appearance of an area of great natural beauty. The proposed barn is much larger than would seem necessary to support the modest agricultural commercial purposes proposed. It is also sited directly abutting our own property boundary, thus creating an invasion of privacy. The original submission referred to the building being used to provide amenities for camping guests at the pub. Under no circumstances should the proposed building be allowed to be used to provide amenities, hospitality or entertainment to guests at the pub."/>
