Comments	<p>With reference to this application 21/00477/F We object to the building of a barn for a start up business in this particular position. It is within the designated conservation area of this lovely unspoilt village. This valley has been protected by its conservation status from any modern agricultural or equestrian development. The applicant has previously stated that he would like campers and facilities in this area of the proposed barn that would be able to accommodate campers wine cider and orchard equipment plus bottling and selling of extracted spring water. Possibly as happens, applications for one thing turn in time " conveniently " into something else undercover, into what was really wanted. This area would in effect turn into a commercial site which would be inappropriate in my opinion.</p>
