Comments	<input type="text" value="I object to this application. As a long time resident I have an interest in maintaining the natural beauty of our precious Sib valley and attractive village. It seems to me that our elected Parish Council has studiously investigated this application and has written a comprehensive report which I support in all detail. If the CDC do not listen to the well-researched work of parish councils especially when they so obviously represent the views of the many, there is very little point in having such a body."/>
