Comments	<input type="text" value="The proposed changes to the usage of this track are of great concern to myself and, I am sure, many others in the village of Hornton. When the track was operating as a local club on a few weekends a year it was noisy at times, but was at least limited. I was, and still am, happy for it to continue in such a capacity. However, over the last few years the usage has, I am informed, illegally increased to a level exceeding the agreed limits. We now have to endure increased noise levels and a lot of track traffic over many weekends. The 65 days mentioned in the application is very alarming as this would appear to give the track license to operate practically every weekend from Spring to Autumn. I believe the original limits were in place for very good reasons; to keep the noise levels and impact on the surrounding environment to a reasonable and manageable amount. The proposed increase in usage is clearly not reasonable and I ask that the council please refuse this application."/>
