<b>Type of Comment</b>	<input type="text" value="Support"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="I write in support of this Venue for Motocross, this Track has been used for so many years now, and the noise issue always depends on which way the wind blows, so screening will of course make a large impact on reducing this, It is a great venue and it is a Family sport that is enjoyed by many, eventually as cars go electric so will mx bikes. The younger generation need this, it keeps them off the streets and gives them an interest, They make many lifetime friends, and I am so surprised at the comments of objections surely as Adults and if they have children and Grand Children they would be supportive of of this Application. Most people have hobbies may it be walking running ect, but to take away the pleasure of these youngsters I find selfish. The Countryside is for all to enjoy not just the minority. So with additional screening this is going to make a big difference on everyone pleasure. not just because they dont like the sport."/>
