<b>Comments</b>	<input type="text" value="We live on the edge of Wroxton and already have to contend with the increase of traffic through the village from the Earthline Quarry, when there is moto cross on we have to suffer endless streams of vans, caravans and motor homes speeding through the village and using the Drift lane as a short cut, increasing the size of this venue will not only increase through traffic on an already busy road but will also increase the noise levels. We can already here the bikes from where we are and can manage that as it is but any louder will be intolerable and will devalue properties. Would you live next to it? I doubt it very much."/>
