Comments	<input type="text" value="Dear All . Motor Cross has made a planning application for their events that are held north of the village at weekends, to increase the number of days they are active by an additional 65 per annum. It is widely thought that this application should be rejected on the grounds of increase in speeding traffic through the village, excessive noise and environmental pollution. The speeding through our village is getting worse and we believe this will only exacerbated the situation."/>
