Comments	<input type="text" value="I strongly object to the planning application ref 21/00517/F. The amount of noise created from the bikes is intolerable. You are not able to sit in the garden due to the noise or hold a conversation with some one without raising you voice. The noise increases if the wind is blowing in a certain direction and echoes all around the village. Also event days have taken place without any permission. The wildlife in the area has been effected as the expansion of 1 little field has taken place so the birds, deer etc have had to move on. There is a nature reserve/ bird spotting location near by , has that been taken into consideration? The amount of litter that is thrown onto the road is unacceptable and it only happens when events are on at the track. The amount of large motorhomes driving down a single track road causes the verges to be churned up and local villagers can not pass through the village on there normal business. The pollution from the exhaust fumes causes health problems, so you are unable to walk around the village and the fields where the track incase you breathe in the carbon monoxide. Please DO NOT EXPAND THE COURSE. SAVE OUR COUNTRYSIDE PLEASE , thank you"/>
