Comments:

I was born in Hornton over 70 years ago and have lived in the village for most of that time. Over the years the residents of Hornton have put up with the noise and dust from the ironstone quarries close to our village. In my opinion the motorcycle track has much more effect on my quality of life. I recognize that others have a right to enjoy the countryside and have accepted the disturbance knowing it only happens a few times a year.

I object to the number of race and practice days being increased.

The road to the site is not suitable for the size and number of vehicles entering the site. The large motorhomes require all the road on a blind corner to make the turn into the site.

I object to the positioning of the site entrance.
