**Subject:** Planning application objection

Dear Sir

RE Application 21/00517/F

As a resident of Wroxton I would like to express my sincere objections to the Planning Application concerning The Moto-Cross site.

The increase in traffic already used by numerous Haulage companies, Quarry vehicles, farm machinery, business and leisure vehicles passing through

the village Monday to Friday has created an enormous vehicle noise pollution despite the Covid Lockdown.

By granting permission to increase the use of the site over weekends would seriously impact the volume of vehicles passing through with noise and pollution to our area.

I have been tasked in monitoring vehicle speeds and movements from downloaded data from our installed Speed Awareness sign through Wroxton since January 2021 and clearly demonstrates high volumes of vehicles and speed excesses. Even through these unprecedented times clearly there is an issue already with vehicle movements through the village and by granting permission to numerous Moto Cross events would seriously impact our lives in the future.

Kind regards

David Giles
