Comments	<input type="text" value="I object to this planning application. I cannot support the plans as described as they have no benefit for our area. Personally, I have been disturbed by the motocross events as the noise travels as far as the centre of Wroxton village. On a wider community level, the further development of the motocross track, camping and events will only have negative effects. They will result in increased traffic, increased noise and air pollution, litter and further damage to the local environment. None of these are in alignment with the Oxfordshire long term plan. If approved, it would benefit only a few individuals whilst damaging the quality of life of a great many in Hornton and surrounding communities."/>
