Subject: Planning application 21/00517/F

Dear Mr Smith

I should be grateful if you would add my comments below to the objections to the 21/00517/F planning application on the Cherwell planning portal.

I have been dismayed to discover, via the internet, that the owner and operator of the Wroxton Motocross track are staging a practice day there on Sunday April 11 in total defiance of CDC's instruction that there should be no activity at the site before a decision on the planning application is made. Riders from all over the country and not just locally are being encouraged to attend.

I hope that it will be brought to the attention of all planning committee members that this is yet one more example of Wroxton Motocross flaunting regulations, confident that once again they will get away with it. Were their planning application to be approved with conditions attached, how long would it be before those conditions were completely ignored allowing the inexorable expansion of Wroxton Motocross?
