Subject: Planning application: 21/00517/F

Further to my original objection to this planning application, I now understand that a noise report has been obtained by the Parish Council.

I have not seen the report but understand that it demolishes the report from the applicant's noise consultants. Their consultants took their readings (a) on a practice day rather than a full race day and (b) in December in the middle of a pandemic and (c) when the wind was blowing away from Hornton rather than towards it.

I have lived in Hornton for over 30 years and any idea from their consultants that there is not a noise problem is laughable.

Please confirm safe receipt of this email.

Regards

Julia Whitby
