Comments	<input type="text" value="I have read most of the submissions on this application but I am still confused why this is an application for planning permission rather than for a Certificate of Lawfulness of Existing Use or Development. When I moved here in 1991/2 this was an existing use, we heard it every weekend, and had and have no problem with that. If you are carrying out an analysis of noise from the track, please would you include us in that analysis."/>
