Comments	<input type="text" value="Given that Cherwell has an ambition to be a Zero Carbon Council by 2030 as stated on its 2022-3 Business Plan, I find it inconceivable that the council would support a MotoCross facility that not only generates significant carbon but is establishing itself as a national/international event with significant carbon impact of people travelling to events.

I strongly urge you to reject this application and take a clear decision to support the laudable ambition of Cherwell to become a Zero Carbon Council by 2030."/>
