| Comments | <input type="text" value="Dear All I would like to object the list of conditions for the Wroxton motocross track on the basis that their measurement and enforcement is not clearly defined. In particular we are extremely worried about lack of clarity of who will be measuring the noise and how it will be measured, as well as the extended open hours of the track compared to similar venues and the impact on the wildlife. Could you please reconsider the recommendations taking above into account ? Many thanks"/> |
