Subject: motocross track near Hornton - concerns over CDC planning

CAUTION: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Madam,

Having followed the planning dispute over the motor cross near Hornton, I do not understand how CDC decisions have been so consistently skewed in favour of the land owner/track operator given the significant noise pollution.

The motor cross does not bring revenue to the local economy given it is a self-contained site with mobile homes (ergo these are not local/Banbury based riders) but the externalities are entirely shouldered by Hornton residents. CDC presumably would not encourage fly-tippers from across the country so why this?

I do not object to the track if there is reasonable, conditional use that can be enforced (e.g. sound measurement/limits during races) but as it stands the track will be able to operate with impunity and with no redress for Hornton residents.

Sincerely,

Tristan Koberl
