Dear Phil,

Thank you for your email and attachments.

The applicant seems to have been under the misapprehension that she was being invited to comment on the conditions or that amendments could be made to the conditions upon which the Planning Committee resolved to approved the application.

I had mentioned this to her planning agent Mr Phil Plant and his response was "If as you state, the planning conditions cannot be amended, why not issue the decision and we will set about discharging the planning conditions in the normal way?" which suggests he misunderstands the status quo. I have emailed Mr Plant to clarify the position.

Hope this assists, but very happy to discuss further as necessary.

Kind regards,
Nat

Nat / Alex,

Please find attached a note from the applicant and two attachments.

One seems to be a date plan for 2022. This I guess is responding to the question 'how would you consider to use the 20 days of track use?'

The other document is perhaps the document the applicant said had been sent to Planning some time ago to challenge the conditions decided by Planning Committee.

Phil

Subject: Wroxton motor x

Thank you for taking my call a few minutes ago, as promised I attach a proposed fixture list for 2022 to give an idea of how the 20 events might be spread out over the year and the proposed conditions from CDC allowing for comment from myself, this was returned to CDC several weeks ago.

I look forward to hearing from you with any progress you are able to make.

many thanks
sandra kerwood
