It has been a few weeks since the Planning Committee Meeting where the Motocross application was heard. I appreciate that there are many conditions that need to be progressed. I also (perhaps the only one) appreciate the updates to conditions presented shortly prior to the meeting. I found the direction of the changes helpful.

What is going to be the process of consultation and planned timescale?

I also know taking that these consultations and progress with them must be in confidence, I know this is obvious, but sometimes the obvious needs stating so at a minimum it is clear that I do know this; working through the conditions and finalising all the outstanding matters will be impossible with the many interested parties involved.

I take the request of the Committee for involvement seriously.

Thank you,  
Phil Chapman
