<b>Comments</b>	<input type="text" value="As the owner of a property that will be impacted by the development, I have concerns. Firstly the large scale of the development within a small plot appear out of proportion to the space available, both at the rear and front of the property. Secondly the development appears to include windows at a height which will look into our garden and house restricting our privacy, and even more so the surrounding neighbours. The increase in size would suggest a larger family residing at the property which would bring more vehicles. The road in Burdrop is not designed for increased development and there is no further parking available. This development is proposed in a conservation area but the scale over three floors will be a significant increase in the houses footprint in a small but already crowded row of (mostly listed) houses."/>
