Comments	<input type="text" value="I am objecting to this application as I think Great Bourton has had more than its fair share of development over the last few years. The site for development is expanding the village boundary yet again rather than finding suitable 'infill sites'. The roads around the site are small country lanes and used by walkers, runners and cyclists, adding more traffic and hazards into this mix is a bad idea. Many children cycle the road linking little Bourton and Great Bourton. The village allotments are next to the site and having spent many hours up there I have seen a lot of wildlife on the proposed site, namely birds of prey. It is currently a very peaceful place to be. The affordable housing would not be affordable, I grew up in another local village where house prices are very high and so couldn't afford to live there but I would rather have to live elsewhere than the village be ruined with new houses being added on! I love living in GB by the way."/>
