Comments	<p>These design proposals, in my view, amount to a well considered, well designed and sensitive scheme and I wish to register my support for them. Perhaps more importantly, the developer is to be commended for making these entry level starter homes as I would love to see the younger generation being able to purchase homes in the wonderful villages of Cherwell, as I was lucky enough to do some years ago. It is really important that we as home owners don't kick the ladder away after we have climbed up it so I very much hope that this is an application that will be supported by the local community as well as the Cherwell Councillors. I struggle to see any valid reason for this to be a contentious scheme and would implore the Planning Department to approve it: this, to me, is the epitome of "positive development".</p>
