Comments	<p>I would like to place an objection for the following reasons. 1. Foxden Way is a narrow lane used regularly by walkers, horses joggers etc and traffic from a new development would naturally turn right to head into Banbury which would mean they would also have to negotiate very narrow roads through Little Bourton. 2. I feel the term affordable housing is just a ploy to obtain planning permission and if permission is granted then amendments will then be made to alter the specification at a later date. Also with the new housing estates established so close by at Cherry Fields etc if affordable housing is required near by then surely these houses would better serve that need with buses etc serving those estates, rather than spoiling the character of a lovely village. 3. I understand the developer has already acquired land between this proposed site and another site he is already developing so it does not require a lot of imagination to assume he is planning to link the 2 sites with more housing. Maximising his profit. 4. Overall I think it is such a shame that small villages are expected to accept these developments which totally change the character of the villages, these estates just make villages an extension of town developments so villages lose their individual character and charm which is why we chose to move here in the first place and is why I assume other people would like to move here. But if development of this nature continues then sadly we will I feel loose the character & charm of this special place to live.</p>
