<b>Comments</b>	<input type="text" value="This is quite clearly does not meet the criteria falling outside of the village limit as a category B village Not needing any more affordable housing and having already supported this during the Garners Field build with three new builds already going ahead &amp;two others proposed in the same area this is not only not meeting the aforementioned criteria it would also create a significant increase in traffic raising the safety to pedestrians , cyclists , horse riders who are all frequent users of the linking roads around the village. Enough is Enough As we well know once this has been passed then the next requirement will be to build opposite South View this would also become an infringement on the Visual amenity already becoming blighted by unnecessary development"/>
