Received Date	I would like to object to this planning application for the following reasons: 1 There is no demonstrable need for affordable housing in The Bourtons, there have been affordable homes provided in the recent Garners field development, there are no employment opportunities in the village and irregular public transport means that this development cannot be justified. 2 This development is contrary to the Cherwell Local Plan. Great Bourton is a Category B village, 3 This development would seriously increase traffic on a narrow country lane Foxtan Way. Because of the lack of public transport in the villages each household would have to have at least one car, possibly two, this would seriously increase the traffic.not only on on Foxtan Way, But School Lane, Crow Lane, Spring Lane, and Chapel lane. All places where residents walk their dogs, ride their horse, children ride their bikes, the increased traffic poses a real risk to to these users. 4 The application presumes 90% of journeys from the development will be made via school lane, this road is not suitable for more traffic, this will probably mean the traffic will come via Foxtan Way and Little Bourton. 5 insufficient parking has been allocated, the applications assumptions on car ownership and car journeys are way to low. 6 No public transport link in the village. the current service of one bus on a Saturday and one bus on a Thursday does not provide suitable access to places of work for the proposed affordable housing.
