Comments	<input type="text" value="We would like to register our objection to planning application 21/00922/OUT. The roads in Great Bourton already struggle to safely accommodate the current volume of traffic. Foxden Way, Crow Lane and School Lane are narrow and in many places single track; the proposed development will be accessed via these roads and will therefore increase traffic volume resulting in a heightened risk to current road users. The bus service serving Great Bourton does not operate on a daily basis and therefore any new development will lead to an increase in the number of cars in the village using the roads and seeking places to park."/>
