<b>Comments</b>	<input type="text" value="The proposed plans would have a direct, detrimental effect on both Great and Little Bourton. Foxden Way is used regularly by many residents for exercise etc and is already dangerous at times as the road is narrow with no pavements. Extra traffic on this road would make the situation much worse. Traffic in both Great and Little Bourton will be increased on roads that have blind turns such as Spring Lane and Crow Lane as they are already used as cut-through routes to other villages. There are very few amenities of any kind to serve extra homes which increases the reliance on vehicles and residents will have to travel elsewhere for basic services such as food shops etc. The proposed plans are unnecessary for this part of the countryside and will reduce quality of life for local residents."/>
