<b>Comments</b>	<p>I believe this developer is the same developer who is building the three new houses off School Lane. If so, I think this application should definitely be approved. What has been built there is a very elegant small development which enhances that area of the village and will provide opportunities for more people to enjoy this lovely corner of the district. From the plans, it looks like these additional houses have been designed with a similar level of care, taking the time to add green space etc. and thinking about the quality of life for the eventual residents, rather than just thinking about how many boxes they can fit on their piece of land. The fact that they are to be starter homes is all the better - I know that I would be thrilled to think this sort of opportunity would be available for my daughter so that she can live nearby and have an opportunity to get on the housing ladder. I really, really hope these are approved.</p>
