Comments	<input type="text" value="I have a local connection to this application insofar as I work in the area, but at the moment have to commute extensively. This has a very negative impact on my carbon footprint, but also my mental and emotional wellbeing. I would much prefer to relocate to the area in which I work but unfortunately am unable to find appropriate housing that is financially achievable, and not in a town/city centre location. A scheme such as this one would be perfect so I hope that it is given permission. There are many others in my situation."/>
