Comments	<p>I live in a house with my wife and my father who is in his 80s and have been working in the Cherwell District for most of my life as has my father. My father has worked for people in lots of the local villages such as Great Bourton for over 70 years. We have been told about the application by a friend who lives in the village and we think it is a good thing. The house where we live is owned by Sanctuary Housing Association same as many people on South View and the new development on the southam road. without these houses, how would people get on the housing ladder and move out of home with their parents. I have been read out some of the objections and I personally think it is very sad that some of the residents assume that because you live in an "affordable home" you cannot afford a car and you cannot travel, that is not the case, maybe they should be thankful they are in such a fortunate position to buy or to inherit a house and allow other young people a chance before throwing stones at people in less fortunate positions. I think the application should be supported and approved and I dare say many others would also support it but they are frightened of being ostracised.</p>
