Comments	<input type="text" value="i would like to object to this development in the strongest terms . this is wholly inappropriate for the village . Access is single track road and increased traffic is not an option. 9 houses for key workers? how do they get to work - there is no bus route , no public transport at all and 9 homes means maybe 19 cars , times two journies a day - just too much. there is no school so this means a car to cropredy/banbury - more traffic this isnt a site for affordable housing - this should be in banbury or one of the bigger villages with support infrastructure and schools etc. This is a small village with no infrastucure at all. its just not set up for affordable housing or indeed anymore house..please throw this out."/>
