Comments	<p>Please see my previous letter of objection, submitted on-line on 29/3/2021. All these objections still stand. In addition, I feel that: - the proposed waste management system is unsafe and inadequate; - the development would have an adverse effect on local wildlife; - the development would seriously impact on the rural nature of the two villages and the connecting quiet road - Foxden Way; - local transport is very limited and not suitable for supporting any new developments; - there are small roads with blind bends - I feel any increase in traffic would be dangerous; - if this proposed development were to be approved it would open the door to further speculative bids which would not be helpful. In summary, I strongly object to this proposed development for the reasons above and those outlined in my previous letter of objection.</p>
