<b>Comments</b>	<input type="text" value="My comments from the previous objection still stand. However in addition I note from the application form dated 11/02.22 there is mention of 15 houses being proposed, on 0.56 hectares, so the applicant seems to have increased the number of houses they wish to build on half the area originally proposed. Foxden Lane is simply not suitable for any increase in traffic, the access to the lane is down narrow single track roads, that are often closed to all traffic due to various works. They are also used by pedestrians and cyclists and horse riders as well as farm vehicles, and passing is at best tricky. While I appreciate the need to provide low cost housing this plot is simply not suitable, with poor access, as well as very limited amenities in the village. one pub, 2 halls and a twice a week bus service means anyone living here realistically needs cars, thus increasing the traffic and causing parking issues. The nearest shop in Cropredy practically is not suitable to walk to to do a weekly shop, and it would be almost impossible to walk back with all your groceries, while that shop is very useful it is not practical to provide all your shopping needs, so a trip into Banbury would be necessary. A more suitable location would have my support, but in my opinion this simply isn't the right place for more housing."/>
