Comments	<input type="text" value="From memory Great Bourton was designated for infill development only. The village has had to contend with the large development outside our boundary, Garners Field. This additional development would add more pressure, facilities and traffic etc in an area where narrow lanes are very unsuitable. We have no measurable public transport to cope with the possible needs of the starter homes. Using agricultural farm land for a development that is not necessary, the balance of the field not developed will at some point in the near future attract a further planning application in all probability as will the adjacent field and probably the allotments. Instead, should we not focus our housing developments on the numerous brown field sites available. Great Bourton is a village and should be treated as such with infill applications only and not indiscriminate developments on the village boundary."/>
