Comments	<input type="text" value="I object to the application for the following reasons: 1.The proposed development is outside village boundary on a greenfield site. 2.Foxden Way is a narrow lane which is used extensively by the villagers and their children and is not suitable for any additional traffic movements.3. Lack of daily public transport means that most proposed properties will have a minimum of two cars. 4. It is noted that an on site sewage system is proposed with the discharge together with the surface water eventually directed to roadside ditch in Foxden way. If this system does not function as specified then foul smells could prevail. 5. Great Bourton recently provided a number of affordable and housing association homes on the Garners Field development."/>
