Comments	<input type="text" value="The recently built development on Crow Lane adjacent to the proposed development caused difficulties whilst walking due to the increased Traffic and obstructions due to inconsiderate parking as well as causing damage to the grass verges. This meant that there were increased risks of slips and vehicle skids that were a danger to the public. This was the result of only two properties being built; the thought of nine properties being built with the increased dangers are unimaginable. This will also alter the Village for ever more and lead to other speculative developments where the only motivation is profit. Please lay down a marker by stopping this application."/>
