| Comments | <input type="text" value="I think the traffic infrastructure around Hatch End could not support any increase to traffic. Fir Lane is extensively used by parents dropping off and collecting children at Dr Radcliffe's - this is already dangerous for the children given the number of cars and lack of pavement, and anything that increased traffic would only make this issue worse. In addition, the single lane Middle Aston Lane between Middle Aston and North Aston is narrow and winding and not suitable for any real volume of traffic - the increase to traffic caused by any development of Hatch End would be a problem. Finally the possibility of a nursery at Hatch End would greatly threaten the viability of Steeple Aston pre-School, which plays a vital role in the community in preparing children to attend school in reception class and easing that transition."/> |
