Case Officer	James Kirkham
Organisation	
Name	Christopher Hawes
Address	14 Nizewell Head,Steeple Aston,Bicester,OX25 4SJ
Type of Comment	Objection
Type	neighbour
Comments	<p>I have lived in Steeple Aston for 17 years and in all those years I do not drive towards Steeple Aston Road Middle Aston in the mornings and afternoons on School days because I put safety first for the children and parents going to and from school in that area. Safety is the number one objection for me and I know it must be for you when planning is submitted and assessed. I have walked that area when going to and from my church allotments at school times and it is very busy with cars taking children to and from the school, and now the added extra traffic we have in the village due to the Covid pandemic of increased numbers of service van vehicles more pedestrians because more residents in the village are working from home. All just coping to pass each one other on the narrow roads and narrow pavements, I think to myself it is a good job that previous Hatch End application (20/01127/F) did not go through. Access to Hatch End from either way (Steeple Aston & Middle Aston) for a complex as described is a bigger safety hazard than before especially as there is no footpath from Middle Aston to the schools and play/sports area on that road. The roads in Steeple Aston can not be changed example by the church to make it safe for large volumes of traffic, and other places in the village are stone walled and narrow blind corners. All very risky on a quiet normal day going to and from work for parishioners. Think Safe!</p>
