Comments	<input type="text" value="I am writing to object about the proposal to the development of the Hatch End site. My reason for objection concerns the increased amount of traffic that will then be in the area and given the proximity of the site to the school I believe this will have safety implications. Due to the narrow roads with no footpaths it is already a concern with traffic near the school and I can only see that this development will cause further safety issues for parents and children attending the school site."/>
